
Ó CATHAIL
FOR CHAIR

Experience

I previously served for two four-month terms as the GUM's Media Secretary. I served for one term as Vice Chair of the GUM, under the chairmanship of Emperor Adam I, and I am currently the interim Vice Chair of the GUM.

Impartiality

As someone who works every day with most member states in my capacity as Foreign Secretary of Leylandiistan & Gurvata, I enjoy friendly and productive relationships with a wide variety of fellow micronationalists. If elected Chair, I will not be entering office with disdain towards any particularly member state. I will use my term to bridge the widening divide between younger and older nations, as someone who is respected by nations across the political spectrum and across the various generations of nations. I will advocate the admission of younger member states, in order to assist with their development.

Accountability

As Chair, I will ensure I am always held accountable by allowing for a questions and answers period in every Quorum. I want every delegation to feel free to criticise and to put forward suggestions. I will ensure the Quorum is consulted on all decisions.

Authority

It is up to our organisation to show authority in our community. We must lead by example, and thus hold the highest of standards. We must also represent our community in the wider field of micronationalism. I will strongly push forward the recent initiatives to open communications with nations such as Molossia.

Productivity

We must not allow the inactivity of the past to re-emerge. I will not allow the organisational structure of the GUM to become overcomplicated with unnecessary positions - this will only promote indecision. I will encourage all delegations to put forward initiatives for our organisation to work on, and I will work to implement all initiatives approved by the Quorum before the end of my term.

I hope you will support me in the upcoming Chairmanship elections in the GUM.
